Understanding Economic Abuse

During your relationship how often did your partner do the following:

- Keep you from having the money you needed to buy food, clothes, or other necessities
- Keep financial information from you
- Decide how you could spend money rather than letting you spend it how you saw fit
- Make you ask him/her for money
- Demand that you give him/her receipts or change when you spent money
- Keep you from having a job or going to work
- Make you use your money to buy him/her things or pay his/her bills when you didn't want to
- Spend his/her money however he/she wanted while your money went to pay for necessities
- Take out a loan or buy something on credit in your name without your permission
